Design Brief

Template from the Project Management Framework Guide, Section 6 and Appendix B.2. Issue it at design kickoff. Replace every [bracketed] item and delete the guidance lines in italics.

Project	[Name and code]
Prepared by	[Project Manager]
Designer	[Name]
Version and status	[v0.1] Draft
Date	[YYYY-MM-DD]
Approved Scope Definition Document	[Version and link]

1. Goals of the Design

[State the two or three outcomes the design must achieve, taken from the scope document. For example, a first-time user can place an order in under two minutes.]

2. Users and Key Flows

User role	Main goal	Key flow	Device
[Role]	[Goal]	[Flow name and link to the flow diagram]	[Web, iOS, Android]

3. Scope Reference

The design covers the features marked in-scope in the Scope Definition Document and nothing else.

- Feature list: [Link and version]
- Screen inventory: [Link]
- MVP features to design first: [Feature IDs]
- Out of scope for this phase: [Items]

4. Brand Assets and References

Item	Location	Notes
Logo and brand guidelines	[Link or not available]	[Notes]
Existing designs or product	[Link]	[What to keep or change]
Reference products the client likes	[Links]	[What the client likes about each]

Item	Location	Notes
Reference products the client dislikes	[Links]	[Why]

5. Constraints

- Platforms and screen sizes: [List]
- Languages and text direction: [List, including right-to-left if needed]
- Accessibility needs: [Standard or none]
- Technical constraints from the tech lead: [List]
- Legal or compliance rules that affect screens: [List]

6. Deliverables and Approvals

Deliverable	Due	Approval
Low-fidelity wireframes for all in-scope screens	[Date]	Written low-fidelity approval
High-fidelity UI with style guide	[Date]	Written high-fidelity approval
Clickable prototype of key flows	[Date]	Reviewed with the client
Developer handoff package	[Date]	Tech lead walkthrough

7. Feedback Rules

- The client sends one consolidated list per round, through the single point of contact.
- The Project Manager sorts each item within one working day into a revision, a clarification or a change request.
- Two minor revisions per phase are included.
- Feedback is logged in the Feedback Log.

8. Roles

Role	Name	Responsibility
Client contact	[Name]	Consolidated feedback and approvals
Project Manager	[Name]	Coordination, feedback triage, schedule
Designer	[Name]	Wireframes, UI, prototype, handoff
Tech lead	[Name]	Technical constraints, handoff walkthrough
